**Subject:** New Jersey v. Delaware

Dear Special Master Lancaster,

The parties have met and conferred about the oral argument on the dispositive motions set for February 22, 2007. We would respectfully request your consideration for the hearing to be held in Philadelphia. In addition, the States would like to offer to pay Ms. Mason's travel expenses so that she may continue her service as our court reporter at the hearing. If that is agreeable to you and to her, we would propose that she invoice each State for one-half of her expenses along with her normal invoicing for the transcripts.

Thank you for your consideration of these proposals.

Respectfully submitted,

David C. Frederick  
Special Counsel  
State of Delaware
